Once again the designers and their creations are not the only ones grabbing the attention during the **Fashion Week Fall/Winter 2013/2014**. Off the London runways, real-life style icons show how to wear sophisticated outfits or quirky details with immaculate savoir-faire.

Have a look at our **Voguistas** gallery to discover the hottest hues, styles and latest cuts as sported by fashion journalists and editors. Most likely they will be our reference for next season wardrobe.
